3. Submit only previously unpublished photos of your Irish Setter(s). Each person is limited to entering three photos. No single person shall have more than 3 winning pictures published.
4. No official win shots will be accepted. No copyrighted photos may be submitted without permission from the photographer. Kennel Names should not be included in the photo.
5. Photos must be candid and feature either an AKC registered (or registerable) Irish Setter or Irish Setter rescue.
6. A completely filled out entry form must be submitted for each photo entered. (Please make as many copies as you need.) Any entry received without this information will be disqualified.
7. Photographers are advised to keep a copy of each entry. The ISCA Foundation Calendar cannot acknowledge receipt of photos and assumes no responsibility for any entry under any circumstances.
8. Entries must be full color photos, unmounted, unframed and may be submitted in any size.. Digital photos may be submitted electronically for judging. If an emailed photo is selected you must be willing to submit an original photo or a high-resolution file suitable for printing. *The ISCA Foundation reserves the right to determine printing suitability requirements.*
